

SCHOOL AND COLLEGE LIAISON

INFORMATION FOR TEACHERS AND PARENTS

Teachers and parents play a vital role in advising students about their progression options and we are keen to do all we can to support you in this process.

We provide information to help you guide your students when they are making decisions about higher education. Events for parents, teachers and careers advisers are held during the academic year; we are also keen to explore new ways of engaging with parents and teachers and would welcome the opportunity to discuss this with you. Having worked with schools and colleges for many years, UCLan has built strong relationships with a great number of teaching and support staff. If you are new to your post or you would like to find out more about what we offer, please get in touch.

Contact us to discuss how we can help you advise your students:
