

UNIVERSITY OF CENTRAL LANCASHIRE

TUITION FEES POLICY

2017/18

This Tuition Fees Policy applies to all UCLan provision at its UK campuses except for the Bachelor of Medicine and Bachelor of Surgery (MB BS) courses which have their own, separate policy which can be found at: https://www.uclan.ac.uk/students/life/rules_regs.php. There is a separate Fees Policy for the Cyprus campus.

In those areas where the University has discretion to determine fee levels, fees will be set with due regard for financial viability and market forces. Conscious of its mission however, the University makes provision through the operation of its Tuition Fees Policy to encourage access to its courses amongst all sections of the population with ability to benefit.

The University believes that it is in the interests of both the student (or student's sponsor), and the University, that applicants and students should be notified as early as possible of the total fees due for their courses, including any additional costs, along with the arrangements for payment. Where, for reasons outside the control of the University, there is, exceptionally, a need to increase fees previously notified to applicants and students, or to impose additional costs, the University will apply the principles below to minimise the impact on students.

Equally, the University holds responsible students and/or their sponsors for prompt payment. Defaults on payment are treated seriously and will lead to the application of sanctions which could inhibit a student's ability to continue in their studies.

General Principles

1. For each course of study the University will set, publish and charge tuition fees for the full duration of the course, including sandwich placement years. The level of tuition fees for the full duration of each course of study will be set and published before the start of the application process. Where it is not possible to confirm the total costs of a modular course, the University will provide as much information as possible, such as the likely number of modules and the cost of individual modules that are available. The only increase in fees for second and subsequent years of a course will be limited to increases in inflation based on the Retail Price Index.
2. All costs that relate to items that are essential to complete the course of study will be included in the tuition fees. (Please note there are some limited exceptions to this such as for courses which involve a mandatory period of study abroad. Where exceptions do apply, the additional fees payable for those courses, in addition to tuition fees, will be made clear to students prior to application. Some postgraduate Research, Doctoral and Masters students must pay bench fees in addition to tuition fees – see appendix 4). Costs that relate to items that are not essential to complete the course of study, and hence are optional for students, are not included in the tuition fees. A list of the essential costs and the optional costs for each course of study will be published before the start of

the application process. This will include confirmation or an estimate of each type of optional cost, wherever possible.

3. Tuition fees include:
 - Scheduled course tuition, academic, technical and administrative support, use of course equipment and facilities;
 - Course-related induction activities;
 - Course assessment and awards;
 - Access to the University's library and online resources, including on-campus wifi, networked and remote access to the University's virtual learning environment;
 - Use of the University's estate and resources for scheduled activities and learning support;
 - Dissertation, project and/or thesis printing and binding where the submission of printed and bound documents is a requirement for assessment of the module;
 - Use of the University's technical equipment and materials identified by the course teaching team as essential for the completion of the course.
4. In determining fee levels, the University will consider nationally-published guidelines where these exist.
5. The University operates a common fee structure for all its courses, which incorporates provision in Partner institutions, unless published as an exception, as approved by the University's Senior Executive Team.
6. Any proposed increase in fees beyond the published amounts will require the approval of the Vice-Chancellor. Increases will only be permitted in exceptional circumstances to applicants where offers of a place have not yet been made by the University. For the avoidance of doubt, increases in tuition fees will not be made for applicants who have received offers, regardless of whether or not the offers have been accepted. There will be no increases in tuition fees for enrolled students save as in respect of inflation as set out at 1 above.
7. Where it is intended to increase fees beyond the amounts previously notified pursuant to point 6 above, the University will:
 - a. notify applicants as early as possible of the increased fees;
 - b. explain why it is necessary to increase fees;
 - c. consider carefully any representations made by affected applicants, either as to the amount of the fee increase and/or to the timing of payment of the increased fee;
 - d. consider any evidence of hardship submitted by applicants and offer assistance where it reasonably can.
8. The University will ensure that the Tuition Fees Policy is operated fairly and consistently across the institution.9.The University will ensure the prompt invoicing and collection of tuition fees.

10. The University operates various scholarship, bursary and fee remission schemes, which are approved from time to time by the University's Senior Executive Team, and for which separate arrangements and procedures apply.
11. Tuition fee reductions and discounts are listed in Appendix 1.
12. When a student completes the enrolment process and registers or re-registers for their course, they become liable for the payment of tuition fees. They remain liable for those fees for the whole of the registration period unless they formally withdraw from the course. The University applies a policy of non-completion charges where a student withdraws from their studies. Details of such charges are provided in Appendix 2. Where a student is granted an approved interruption to study, their fee liability will be reduced as set out in Appendix 2.
13. Where exceptional circumstances force a student to withdraw from their course, which were unknown to the student at the point of enrolment, that student may request a review of the tuition fee charged, and the University may request such documentary or any other evidence as is reasonable to be able to consider such a request.
14. The University will develop and operate flexible procedures for the collection of fees to the benefit of students and the University.
15. The University has special requirements for the payment of fees and deposits by international students as set out Appendix 3.
16. The University adopts a supportive approach to its students with regards to the collection of tuition fees. The University will take steps to obtain the payment of tuition fees and course costs and, in doing so, will provide assistance to students where reasonable to help them meet their financial obligations. (For the avoidance of doubt, this does not include financial assistance unless otherwise specifically agreed.) Where necessary and proportionate, the University reserves the right to apply one or more of the following sanctions to any student who defaults on payments of tuition fees:
 - a. withdrawal of University library and computing facilities;
 - b. termination of enrolment and withdrawal from the University;
 - c. withholding certified transcript;
 - d. refusal to re-enrol;
 - e. withholding final award certificate;
 - f. denial of attendance at awards ceremonies;
 - g. refusal to issue Confirmation of Acceptance to Study (CAS);
 - h. include relevant details in any reference provided to a third party
17. In deciding what steps to take in respect of the payment of tuition fees and course costs, the University will consider all the circumstances of each affected student's case.

18. In addition to those steps referred to in point 15 above, the University reserves the right to pursue and /or seek recovery of any outstanding tuition fees through the courts. The University also reserves the right to refer students' unpaid accounts to external debt collection agencies.
19. If a sponsor or third party fails to pay some or all of the tuition fee on behalf of a student, the student will become personally liable for payment of the outstanding amount on the date which it was due from their sponsor or the third party.

Appendix 1: Tuition Fee Reductions and Discounts

Tuition fee reductions and discounts are set out below:

(i) Reductions:

- (a) a 50% reduction of tuition fees is made for part-time students in receipt of a state retirement pension.
- (b) a 50% reduction of tuition fees is made to staff of the University, or a Partner institution* who are registered on a course which forms part of their personal and professional development plan and which is approved by their line manager.
- (c) a 50% reduction of tuition fees is made to retired University members of staff who are also members of the Alumni Association.
- (d) a 100% reduction of tuition fees is made to members of academic staff who are required to complete the PG Cert in Teaching and Learning in Higher Education and the Teaching Toolkit, as a condition of their contract of employment.

(ii) Postgraduate Courses Discounts:

- (a) a £1000 discount is available to UCLan award holders paying standard or higher full-time fees (from 2015/16 onwards) and who are studying a postgraduate taught course.
- (b) a 20% discount is available to UCLan award holders studying a postgraduate taught part-time course, or a postgraduate research degree (full or part time).

Note 1: Only one of the reductions specified in (ii) above may be granted to a student in any given academic year.

Note 2: Students in receipt of any form of funding or support for full or part of their tuition fees are not entitled to discounted fees.

Note 3: The only exception to note 2 is where disabled students progressing from a UCLan undergraduate degree to a UCLan postgraduate course receive support from a registered charity specialising in helping the disabled. In such cases the appropriate continuing student discount (as above in (ii)(a) or (b)) will still apply. For the exception to apply, the charitable support must be specifically targeted towards the tuition fees and living costs attributable to the UCLan postgraduate course. Documentary evidence of the charitable support must be provided.

Note 5: Students enrolled on courses or research degrees in Postgraduate Dental Education will not be eligible for discounted fees.

Note 6: A part-time undergraduate student is defined as anyone undertaking up to and including 4.5 modules (90 credits) in a standard academic year for that course. Postgraduate students will be deemed to be part-time if the course the individual is following is running in part-time mode.

Note 7: Reductions apply to tuition fees only.

Note 8: For Cert Ed / PGCE students discounts will be at the discretion of the Partner institution.

*A Partner institution in this instance is defined as an institution, in the UK and overseas, with a signed agreement with the University for the delivery of courses, or part courses, contributing towards qualification for University awards.

Appendix 2: Tuition Fee Liability for Withdrawal and Authorised Interruption of Studies

When a student completes the enrolment process they become liable for payment of tuition fees. Students who decide to permanently withdraw from their course or who are granted an authorised interruption of studies must follow the formal process to withdraw or interrupt from studies in order to curtail their continued accrual of fee liability for the relevant registration period. Failure to do so will mean that the student continues to accrue fee liability. The University operates the following policy with respect to non-completion charges when a student does not complete the academic session and withdraws permanently from the course or is granted an authorised interruption to studies:

Undergraduate students and Postgraduate Taught students

Categories: all undergraduate students (excluding MB BS students) and postgraduate taught students

Those students who withdraw from or have an interruption to their studies will be charged a tuition fee based on their attendance on the course in accordance with the following scale:

Withdrawal/Interruption in term 1: 25% of the total annual tuition fee is charged

Withdrawal/Interruption in term 2: 50% of the total annual tuition fee is charged

Withdrawal/Interruption in term 3: 100% of the total annual tuition fee is charged

Postgraduate Research students

Categories: full and part-time postgraduate research**

Where a student permanently withdraws from studies in the first 4 months of the academic year, 25% of the total annual fee is charged.

Where a student permanently withdraws from studies in months 4 to 8 of the academic year, 50% of the total annual fee is charged.

Where a student permanently withdraws after month 8 of the academic year, 100% of the total annual fee is charged.

**except for full time students in the writing up year for whom there is no fee reduction for non-completion

Where a student is granted an authorised interruption of studies, their fee liability will be reduced pro-rata. On resumption of studies, the tuition fee liability will re-commence.

All students remain liable for fees during any unauthorised interruption to study. Retrospective approvals of interruptions to study are not permitted. Should a student seek approval of a retrospective interruption to study, liability for the payment of fees accrued will be determined by the Academic Registrar (or nominee).

Appendix 3 Tuition Fee Deposit Policy

For International Applicants

The following policy applies to international applicants for entry to full-time programmes in 2015/16 and beyond. The following policy excludes sponsorship students where a formal sponsorship letter from an employer or embassy has been submitted to the International Office or the Research Student Registry.

All new international students must pay a deposit of £3,500 before an unconditional offer letter and UK Visa and Immigration Confirmation of Acceptance for Studies (CAS) will be issued. The requirement for the payment of a deposit will be detailed on all conditional offer letters. Subject to statutory cancellation rights, the deposit will only be repayable in one or more of the following circumstances:

- i) the University's entry requirements are not met;
- ii) a visa is refused which causes the application to be withdrawn (evidence will need to be provided);
- iii) the University target number for international students across all courses has been met by the last date of enrolment for the academic year. Under these circumstances an administrative fee of £100 will be retained by the University out of the deposit;
- iv) In exceptional circumstances where evidence is reasonably provided.

Students on UCLan franchise courses will be subject to separate arrangements that will be communicated via their institution.

Students applying to the Pre-sessional Programme

For those students applying to the Pre-Sessional programme, payment of tuition fees in full is required before an unconditional offer letter would be produced and a CAS issued.

Students progressing from UCLan or Cambridge Education Group programmes

Students who are wishing to progress onto a further course of study at UCLan (i.e. UG to PG or IFP to UG; or CEG to UG or PG) will be required to pay a tuition fee deposit of £1,000. Subject to statutory rights of cancellation, the deposit will only be repayable in the circumstances described at i) to iv) above.

International Tuition Fee Payment policy

The deposit (£3,500 or £1,000) must be paid prior to the issue of an unconditional offer letter and CAS.

There are two payment options for the balance of the fees:

1. students who pay in full by the 1 October will receive an additional £300 bursary (except franchise and Jiangnan articulation students)
2. students can choose to pay in two instalments (for which there is an administration fee of £150 payable on enrolment).

Prior to enrolment students must pay additional funds required to ensure 50% of their tuition fees have been paid. (Instalment 1). The balance must be paid by the 7 January (Instalment 2).
